As a guarantee of fulfillment of their obligations until the restitution of the booth and its infrastructure in perfect conditions, the exhibitor must pay U\$S 300 **cash** (three hundred dollars) before the exhibition opening day. This sum will be returned after the show, provided that no damage has occurred to the exhibitor's booth. This guarantee deposit is independent from the one that could eventually request the Hilton Hotel as a guarantee for the good use of its premises and services. SECURITY AND SURVEILLANCE

VERY IMPORTANT

JORNADAS INTERNACIONALES 2017 will provide the general 24-hour surveillance personnel, responsible for the order of the convention and for dealing with unexpected incidents, including the periods of booth construction and dismantling.

Even though the organization of **JORNADAS INTERNACIONALES 2017** will put into practice a reasonable care to protect the exhibitor's properties, it will not be responsible for the thefts that may occur inside the exhibitor's booth.

Therefore, the Exhibitor will be the principal responsible of safeguarding his/her booth as well as the elements/products exhibited there. The exhibitor may reinforce the general convention surveillance by contracting at his/her expense additional surveillance personnel (see page 19 of this Manual).
